#### DETAILED ACTION

#### Notice to Applicant(s)

 This office action is responsive to the response filed on 3/24/09. The finality of the last office action is withdrawn. As per request, claims 4, and 13-45 have been cancelled. Claims 1-3, 5-12, and 46-47 are pending.

## Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 46 recites the limitation "the Internet" in line 5. There is insufficient antecedent basis for this limitation in the claim.

### Claim Rejections - 35 USC § 102

 The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(e) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.
- Claims 46-47, are rejected under 35 U.S.C. 102(e) as being anticipated by Marshall et al. (6728610).

As per claim 46, Marshall et al. disclose an electronic controller for an engine, comprising: means for controlling the engine; and a microserver for generating a wireless system Art Unit: 3664

adapted to connect to the Internet (see columns 1-2, lines 66-15; columns 2-3, lines 30-12; and columns 3-4, lines 36-55).

As per claim 47, Marshall et al. disclose wherein the engine is a gas turbine engine (see column 1, lines 42-65; and columns 2-3, lines 51-12).

Claims 1-3, and 5-12 are allowable.
